

Kittnaur

Kittnaur is truly a weird creature. His brother is Kentaur, but Kittnaur is weirdly modified. He has a head from kitty and also a cute tail from kitty :3. But the body is the same as Kentaur (You will see).

Some information about him

He eats:

He lives on: Astronilao (the secret planet)

And information about his behaviour is unknown. No one knows. Someone tells that he is cute and friendly, someone tells that he is the KING OF ASTRONALIO and he's destroying everyone he sees.

Wait? You really think that I missed the fact what he eats? No, I did not ... He just doesn't eat anything, because he is strong and he just doesn't want any food. If I will tell him

Me: Aren't you hungry kitty?

Kittnaur: Are you kidding me? Eat? AND KITTY?! *Slap* *Munch Munch*

Me: Okay sorry... Wait where I'm? Oh no.. The theory about that he kills everyone he sees is true. I'm already in his stomach -.-

And yeah... That's all. I hope you enjoy the story about Kittnaur :3 It ... It was really hard to make and use my creativity.

Look at this good boy :3 -
